

CTS Program Progress Form – Apprenticeships

All Career and Technical Scholarship (CTS) recipients are eligible to receive their award every quarter for the duration of their program. WSOS creates an individual scholarship expiration date for every Scholar's account based on the number of terms they have remaining in their program.

Opportunity Scholars should work with an advisor or other staff person at their college to complete this form and then submit it via the WSOS Scholar Portal. Documents filled out by the scholar without the support of a college staff person will not be accepted.

Note: This document is specifically designed for Opportunity Scholars enrolled in apprenticeship programs. Scholars enrolled in certificate or associate degree programs should complete the general Program Progress Form.

Date:

Scholar's first and last name:

Staff person's name:

Staff person's email address:

College:

Program title:

Program CIP code:

Total number of quarters of enrollment required to complete apprenticeship:

Number of quarters completed by student (do not include quarters that are currently in progress):
